vionic BY ORTHAHEEL

Just in time for summer! The Vionic Collection is a new line of sports recovery sandals by Orthaheel, which provides biomechanically sound motion control, pain-preventative support and relief for athletes of all levels.

The motion control footbed offers rear-foot stability and alignment. The triple-density midsole provides extra support and cushioning precisely where needed, and the Vibram® outsole aids traction and durability.

Women's styles include the Cascade thong, the Mojave slip-on sandal and the Muir back strap sandal. Men's styles include the Bryce thong and the Boyes performance sandal.

For more information, and to purchase, go to www.orthaheelusacom.
